

274-302 Lowerhouse Lane

274-302 Lowerhouse Lane, Burnley, Lancashire, BB12 6LZ

Row of 13 cottages c1820-30, for Dugdale's Lowerhouse Mill. Coursed squared sandstone (Nos 276, 286 and 298 rendered, No.294 painted) stone slate roofs (except Nos 274-8 and No.282 which have composition tiles and No.280 which has Welsh slate) with brick chimneys mostly rendered.

A long double-depth range on an obtusely-angled plan following the line of the road, canted back from No.288 which has a convex curved front. Each cottage single-fronted with 2 low storeys, one 1st-floor window each except Nos 284 and 298 which have 2, with a continuous square-cut gutter cornice sloping downwards slightly from left to right; doorways to the left, mostly with monolith jambs and lintels which are plain except for small stopped chamfer, but some chisel-dressed, and all with recessed altered doors.

Vertical-rectangular windows with raised sills and run-out rectangular lintels, all with altered glazing (No. 290 enlarged and furnished with a small-paned bow). Lateral "3-pot" ridge chimneys variously altered but mostly with water-tabling and cornices.

Forms group with Nos 304-8 to the right, and Nos 295-317 on the opposite side of the road.
